Summary!

I'm **Thirumalaiselvam**, a fresher **MERN Stack Developer** with knowledge of **MongoDB, Express.js, React.js, and Node.js**. I've built projects using **HTML, CSS, JavaScript, and Tailwind CSS**, and have basic understanding of **REST APIs** and **Git**. Eager to start my career in software development and grow in a learning-focused environment.

Education

Arunai Engineering Collage   *June 2021 – May 2025*
B.E in Computer Science Engineering
- GPA: 7.8/10

Experience

Intership Java   *Vellore, Tamilnadu*
Strydo Technology Private Lim.   *June 2024*
- **Developed basic Java applications** using OOP concepts like inheritance, polymorphism, and abstraction, ensuring clean and reusable code.
- **core Java concepts** including exception handling, collections framework, and multithreading to strengthen problem-solving and logic-building skills.

Mern Stack Intern   *Bengalure, karnataka*
Campalin Innovation   *2024*
- **Developed full-stack web applications** using the MERN stack (MongoDB, Express.js, React.js, Node.js), implementing user authentication, CRUD operations, and responsive UI with Tailwind CSS.
- **Collaborated on real-time projects** to build RESTful APIs and dynamic frontends, gaining hands-on experience in Git, API integration, and state management using React hooks.

Projects

Expense Tracker (MERN STACK)   *Expense Tracker* ⬈
- Implemented features like user authentication, CRUD operations, and dynamic dashboards with monthly spending insights.
- Tools Used: React.js, Node.js, Express.js, and MongoDB

Spotify Clone (React Js)   *Spotify* ⬈
- Implemented dynamic components such as song lists, hover effects, and interactive UI using React hooks and reusable components for a smooth user experience.
- Tools Used: React.js and Tailwind CSS

Fylo   *Fylo* ⬈
- Created a responsive Fylo landing page using Tailwind CSS, ensuring pixel-perfect design across mobile, tablet, and desktop devices.
- Tools Used: Tailwindcss

Technologies

Skill: HTML, CSS, JavaScript, Java, Node Js, SQL
Framework: Tailwindcss, React Js, Express Js
Tool: Git , Git Hub , Canva , Vs Code.
